

THE OHIO STATE UNIVERSITY

Mathematics Teaching Institute

Day Five— MTI Challenge

Mathematics Teaching Institute, July 27-31, 2015

Sponsored by **Ohio** | Department
of Education

Your challenge:

Generate, revise, submit a series of interconnected, mathematically sound, student-centered learning experiences (LE) for students that target goals related to your mathematics concept

Group work time:

Develop cohesive learning experiences for your given grade-band mathematics concept

Initial drafts need to be completed by lunch break

Setting clear expectations:

Working groups of 5 or 6

Collaborative unit planning activity

Pull from, tweak, adapt a wide range of resources

One person electronically submit the unit to Tim and Amanda by the end of the day
